General Information

Musical Theatre Summer School Notice Board

Please ensure you check the Musical Theatre Summer School noticeboard each day to stay up to date over the course, which will be pointed out on the tour of the building. Updates may include studio/staffing changes and signup sheets for additional activities.

Leaving the course/accommodation early

Some international participants may have to leave early to catch a flight, but we recommend that you time your journeys so that you don't miss anything. There is an informal showcase on the last day of the course and it's a great chance to perform what you've been working on and celebrate your time at the summer school together.

Can visitors or parents watch the Musical Theatre Summer School sessions or sharing?

Friends and family are welcome to watch the informal showcase on the final day of the Summer School. Due to studio capacity, seats are limited to a maximum of 2 guests per Summer School participant. Please allow time to sign in at reception upon arrival to the informal showcase.

All other Summer School sessions are closed. Throughout the Summer School, all friends and family must remain in the public areas of the Laban Building, i.e. the cafe, and will not be permitted to pass the security barriers.

Internet Access

You will be able to connect to Trinity Laban visitor Wi-Fi whilst in the building. If you are staying at the McMillan Student Village you will be able to access Wi-Fi there also.

Laban Building Café

Food is not provided as part of the Summer School but the Café at the Laban Building sells a range of food including hot lunches, salads, sandwiches and snacks. You are welcome to bring your own food to eat in the café too if you prefer.

There are water fountains available throughout the building to help you stay hydrated.

Health and Wellbeing

Where possible please let us know if advance if you have any medical conditions or other access requirements that we need to be aware of.

Please let your teacher know if you have any injuries which they should be aware of. If you sustain an injury or feel unwell at any point during the course, please let a member of the Summer School team know as soon as possible. There are First Aiders on site throughout the course. The Summer School is fun but can be physically demanding, so we have programmed morning and lunch breaks to enable participants to rest properly.

Late-comers Policy for Classes

For health and safety reasons, participants who arrive later than 15 minutes after the start of each session may be permitted to watch the session but not take part. This is because they will have missed the essential warm up and introduction to the session, which is vital in the prevention of injuries to participants.

Ventilation

The air in the Laban Building is supplied via air handling units which draw air in from outside, filter it and heats/cool it accordingly. It is then removed via a separate extract system. This system provides complete air changes to each area of the building including the studios, every 15 minutes. We do not recirculate any air within the building. For optimal studio ventilation at the Laban Building, it is best to ensure doors remain closed.

Covid-19

We will continually monitor and assess COVID-19 guidance and measures that would be relevant to the Summer School in the lead up to and during the course. If you begin to experience Covid-19 symptoms, please follow the UK Government's guidance and do not attend activities at Trinity Laban.
